

Fryeburg Academy

Summer Reading 2009

One Book, One Community

We are excited this year to promote a fabulous book across all grades: *They Poured Fire on Us from the Sky*, the story of three boys who survived the Sudan genocide. In late September we will host the authors of this compelling story here at the Academy. We are encouraging the whole community, students and parents, to read this book in an effort to engage everyone in a common reading experience, all to culminate with the visit of these authors. We hope you all join us in this opportunity.

Besides requiring this book for all grades and classes, some courses require other pieces as well. All required summer readings are listed below.
